

Features

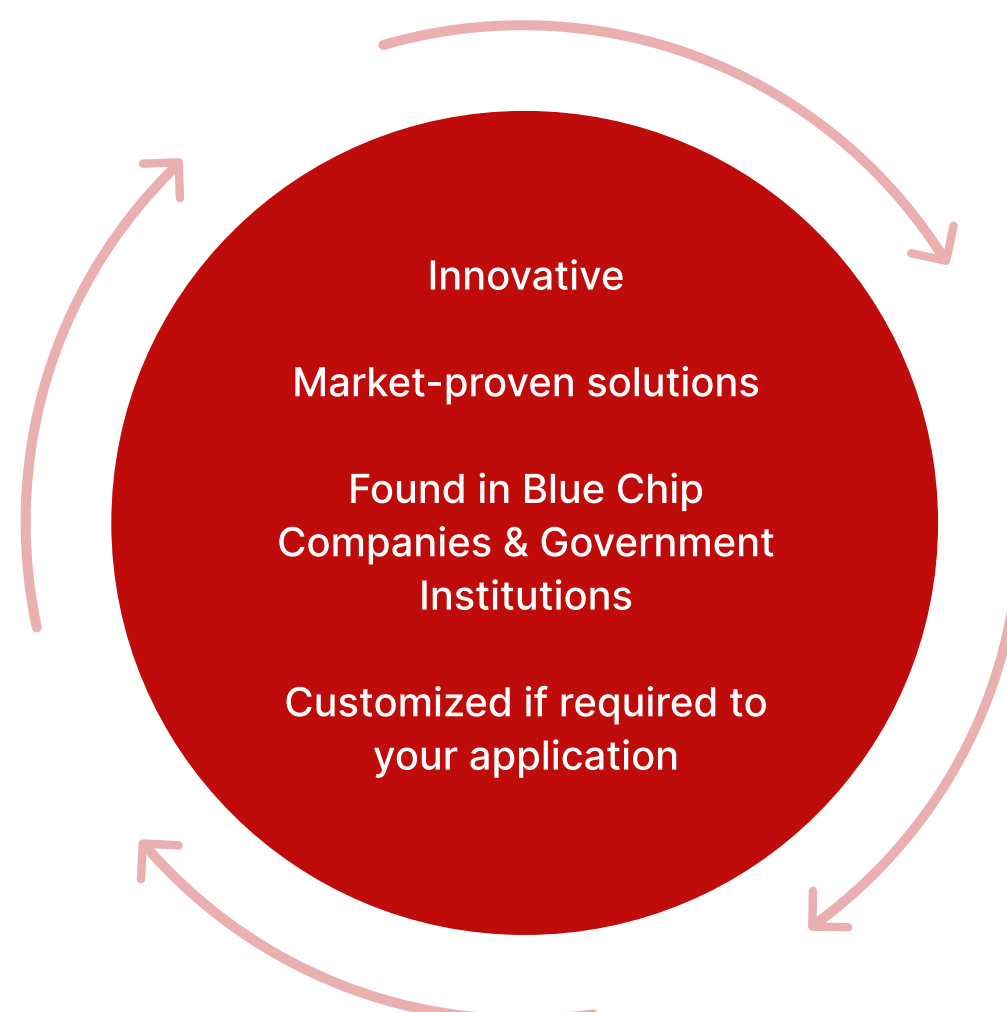

- Heavy-duty walls and a reinforced base plate made from 304-grade stainless steel.
- Continuous welded and beaded construction.
- Rolled edge rim, reinforced with inner solid bar
- Diamond-shaped wheelset for 360-degree movement.
- Lifting lugs as standard – to fit all standard lifting devices.
- Front-mounted drip guard
- Beak tipping v edge as standard.
- Tough and durable white nylon wheels as standard.
- Pushing rear handle as standard.
- Electro-polish finish – inside and out – to facilitate easier product emptying, cleaning, and less adherence to water after washing.
- USDA accepted.
