## Belpump-lift 600 Transfer Pump

To fill hoppers easily!

The Belpump-lift 600 is a stainless steel mini transfer pump for gentle transfer of products from a mixing bowl into a depositor hopper.

### 1. Design features:

- pneumatic up/down power-lift system to put the transfer tube easily in and out the bowl
- the pump can be equipped with an optional optical sensor, which turns the pump on/off as needed for fully automatic operation
- it can also be operated manually with on/off switch

*everyone can work with it*

*100% hygiene control*
