MANUFACTURER OF BAKERY AND PASTRY PROCESSING MACHINERY

ROYAL 802 – MINI PISTON COMPRESSOR

Log on to www.johnhuntbolton.co.uk to view clips of machines operating

Description:

This Royal – 802 with it's stylish black design is an oil-free piston compressor

It features air “on-demand”, meaning that once it has reached its output pressure it shuts off automatically. Only when the airbrush is triggered and the pressure falls does it restart.

Compact, portable, and quiet (54db) it provides an oil free air supply that is ideal.

Ultra quiet (47db) – Maintenance free oil – less Piston design with lightweight aluminium construction

Built in carry handle – light and easy to transport

Industrial type Pressure regulator with gauge, water trap and air filter

Rubber feet

Specification:

Motor - 240V 50Hz 1Ph

Power Rating - 150W / 1/5 HP

Rotational speed - 1450 rpm
